Re: Access to the Chemsol (Tang Realty) Superfund Site

Dear Mr. Sundstrom:

This letter serves to confirm our telephone conversations of November 15, 1990 and November 20, 1990. As discussed, the United States Environmental Protection Agency (EPA) intends to perform a site assessment at the Chemsol Superfund Site at 10:00 A.M. on December 6, 1990 for the purpose of initiating remedial investigation/feasibility study (RI/FS) activities. Accompanying EPA will be the Agency's contractor (Malcolm Pirnie, Inc.) and the New Jersey Department of Environmental Protection. It is understood that EPA will have access to the site on this date in accordance with the May 15, 1990 Access Agreement signed by Mr. George Terpak, Jr. (Vice President of Tang Realty).

Should you have any questions, please contact me at (212) 264-8736.

Sincerely yours,

James S. Haklar, Environmental Engineer
Central New Jersey Compliance Section
